

Read-Only Architecture

UnifiedArc assesses your environment without changing it.

Read-only permissions

UnifiedArc connects with read-only cloud permissions to evaluate configuration and posture.

No agents

Nothing is installed in your environment - assessments are agentless.

No changes

UnifiedArc does not modify resources, execute remediation automatically, or make infrastructure changes.

No admin required

Assessments do not require administrative access.

Flow

Your Cloud Environment -> Read-Only Access -> UnifiedArc Assessment Engine.

UnifiedArc supports compliance readiness and assessment activities. It does not certify or guarantee compliance. | unifiedarc.com
